

1 2013 PLANS

1. Launch Al Shifa Clinic In Kwekwe.

- a. Clinic has relocated to town centre and is waiting for an operating licence. Licence fees have been paid.
- b. Official opening is expected around second quarter of the year.

2. Launch Al Shifa Clinic in Harare.

- a. There is outstanding furniture required these are 3 screens, Reception table, Chair, Lockable record cabinet required for the clinic to be licenced.
- b. Additional works required are to employ at least one nurse and a helper to kick start operations (i.e.) cleaning
- c. Licence is expected to be obtained within 3 days of satisfying the above.
- d. Official opening is expected around 3rd quarter of this year

3. Eye Camps

- a. Depending on donor response we may launch a big outreach camp. However if things do not work out a small one of about 20 beneficiaries will be held in Bulawayo.

4. Circumcision camps

- a. 3 circumcision camps are planned for the whole of Zimbabwe. Bulawayo (Matabeleland) , Masvingo and Mutare (Manicaland) are targeted for the year. The project will target 600 beneficiaries for the whole year.
- b. 800 maximum are targeted for the year with the bulk coming from Chinhoyi and Mutare.

5. Medical Outreach camps

- a. 3 Major Outreach camps are planned for the year. They will be held in Harare (at launch of Alshifa clinic) , 1 Bulawayo and 1 Kwekwe respectively.
- b. 1 000 people are targeted to benefit from the camps.

6. Free medical support.

- a. 100 beneficiaries were given forms but the vetting process is very slow as it involves the local imams.
- b. The card is expected to be functional in the second quarter of the year.
- c. This carryover will have to be pursued more vigorously in order to assist the less privileged.

7. Support establishment of branches

- a. We will support establishment and provide administrative support to areas that need a clinic by guiding the community in areas that we have experience in.
- b. Harare branch towards its official opening as very little is left before it can open.
- c. Hatcliff branch towards its establishment
- d. Sell the clinic idea to Mutare community

8. Registration of IMAZ as a Private Voluntary organization

- a. Dr Sururu was nominated to represent IMAZ and register it as a private voluntary organization.
- b. Registration to start first quarter of the year
- c. Mr Moosa Foroma is overseeing the registration process.

9. Africa Muslim Agency Outreach

- a. AMA is planning a big outreach in conjunction with IMAZ. The camp is expected to include doctors who will do the following
Hernia, Tonsils, Cleft Palate, Thyroid, Disfiguring burns, Polyps, Obstetrics and Gynecology surgery, eye specialist in cataract surgery.
- b. Developments will be planned for the last quarter of the year
