*Assalamu'alaikum Warahmatullahi Wabarakatuh*

May Allah Subhanahu wata'ala always guide our steps in achieving success in this world and the hereafter.

The development of halal lifestyle today proves to be a strong indicator for the society's need for halal products and services. Likewise in healthcare services with the establishment of shariah hospital in Indonesia. It provides opportunities, challenges and great potential to healthcare sector and other related industries.

In order to promote shariah hospital in the region, Islamic Health Institution Network of Indonesia (MUKISI) is organizing the 1st IHEX (International Islamic Healthcare Conference and Expo) which is packaged into seminar, workshops and exhibition of all related elements that support the implementation of shariah hospitals.

This very first occasion will bring together all parties, from practitioners, academics, researchers, business owners and all related stakeholders whose aims are to disseminate, discuss and introduce halal products and services in halal healthcare in Indonesia.

Enclosed herewith are the proposal for exhibition booth for the event. We are looking forward to a positive response from your part. Your participations are highly appreciated.

Thank you.

*Bismillaahirrahmaanirrahiim*

*Assalamu'alaikum Warahmatullah Wabarakatuh*

*Alhamdulillah rabbil 'alamin, praise be to Allah Subhanahu wata'ala. Solawat and salam for the Prophet Muhammad Sollallahu 'alaihi wasallam.*

With the grace of Allah *Subhanahu wata'ala*, MUKISI are able to continue with its da'wah activities through Islamic healthcare efforts that spreads across the region. With His blessings, we shall endeavor into this event which shall bring together all components of the ummah, who are concern with the defense of the ummah through healthcare efforts, namely the **1st International Islamic Healthcare Conference and Expo (IHEx)** which will be held on **10th-12th April 2018** at the **Jakarta Convention Center**. In its first occasion, we chose the theme **"Establish Shariah Hospital in the Region Through Consolidation of Potentials of the Ummah"**.

The IHEx conference (seminars and workshops) in this first occasion discuss on issues which made Islamic healthcare services distinctive, particularly on shariah hospital. It will be packaged into four program agenda:

1. International Seminar on Shariah Hospital. Presenting speakers from within and outside the country, not only from the perspective of health practitioners but also from the academia and other field practitioners, so that participants can discuss topics on shariah hospitals in the context of consolidating the potentials of the ummah on a national and international scale.
2. Workshop on Shariah Hospital. Presenting speakers who will share knowledge and practical steps in implementing aspects of shariah hospitals, in the context of preparing for the certification of shariah hospitals.
3. Islamic Healthcare & Halal Products Exhibition. Includes the exhibition of healthcare products, pharmaceutical, and other related industries relevant to healthcare services and halal products, both domestically and internationally. Participants can learn about the latest health technology and halal products.
4. IIMA (Indonesia Islamic Medical Association) Annual Meeting. Comprised of three Islamic health organizations under IIMA and affiliated to FIMA (Federation of Islamic Medical Association), namely MUKISI (Islamic Health Institution Network of Indonesia), FOKI (Indonesian Islamic Medical Forum) and IMANI (Indonesia Islamic

Medical Association and Network of Indonesia), shall meet in a joint annual meeting to discuss on collaborative agenda in serving the health of the ummah.

It is my hope that Allah Subhanahu wata'ala gives us all the ability to contribute in this da'wah effort. This is a form of actualization of our creation purpose as His servant, to worship Him, and to bring benefit to the religion, the ummah and he nation.

*Assalamu 'alaikum warahmatullahi wabarakatuh*

Following takbir and tahmid, our gratitude for everything that has been given by Allah the Almighty. Solawat and salam always be addressed to the best model throughout time, Rasulullah Muhammad *Sollallahu 'alaihi wa sallam*.

The Islamic Health Institution Network of Indonesia (MUKISI) shall organize the 1st IHEX (International Islamic Healthcare Conference and Expo), which will be held on 10th - 12th April 2018 at the JCC (Jakarta Convention Center).

This year, IHEX will put its focus on shariah hospital, a central issue in MUKISI, as well as the differentiation with other hospital associations. Shariah Hospital will be discussed from several different approaches with the same goal, that is to establish shariah hospitals in the archipelago. We invite the public to enliven this event in the context of Islamic da'wah efforts. The series of events has been designed so that we can establish the collaboration of all components of the ummah in this effort, not only the components of the ummah in the country but also components of the ummah abroad. The ummah is like the human body that has interconnectedness and dependence on one another.

Important issues concerning shariah hospital will be discussed in the series of IHEX activities. In addition to international seminars, there will also be workshops which discuss on more technical issues in preparation for Shariah hospital certification. There are also IIMA annual meeting (Indonesia Islamic Medical Association). IHEX also serves Islamic Healthcare and Halal Product Exhibition in order to complete the participants' insight on the development of healthcare technology which is connected to halal products.

As the head of the committee, it is our hope that Allah will ease everything. With the support of everybody involved, may this event pave the way forward to answer the needs of the ummah for a shariah compliant healthcare services.

May Allah Almighty help us all. Thank you for your attention and cooperation.

Billahittaufiq wal hidayah

## FOREWORD FROM CHAIRMAN OF

### Islamic Medical Association and Network of Indonesia (IMANI)

*Bismillahirrahmaanirrahiim*

*Assalamu 'alaikum warahmatullahi wabarakatuh*

Networking is compulsory in this era of globalization era including healthcare where Indonesia is heading towards Universal Health Coverage (UHC) in 2019. Based on the roadmap of the National Health Insurance (JKN) in 2019 it is targeting around 270 million people in Indonesia to be covered by the UHC, a huge number compared to similar program in other countries.

On the other hand, statistically according to the National Population Census in 2010 approximately 87% of Indonesian population are Muslims. Among these percentage those with daily expenditure of USD2-20 or IDR24,000-240,000 make up to 130 million persons. This community, by Yuswohady et al (2015) in his book, *Marketing to the Middle Class Muslims* undergoes a “revolution” in fundamental behavioral shift along with increase in purchasing power. The two basic value transformations in the middle class Muslim consumers are the increasing value of religiosity in daily lives and increasingly open mindset towards changes. This includes the healthcare sector, which should be the concern of all stakeholders in healthcare; from medical schools, healthcare institution and Islamic hospital and also the healthcare professionals.

IMANI (Islamic Medical Association and Network of Indonesia) being part of Indonesia Islamic Medical Association (IIMA) under the Federation of Islamic Medical Association (FIMA), is committed to be an inseparable part of the sustainable effort to provide professional and dignified Islamic healthcare service. In the effort to improve the level of health in the community in general, and the *ummah* in specific, The 1<sup>st</sup> Islamic Health Care Conference and Expo (IHEX) 2018 proves the words of the Prophet; *Khairunnas 'anfa'ahum linnas*, the best human is the one who is beneficial to others.

Our highest appreciation to all who contributes in organizing this event. *Jazakumullah khairan kathira*. May this effort be counted as *amal jariyah* which does not break in delivering goodness until the *yaumul akhir*.

*“And say, “Do [as you will], for Allah will see your deeds, and [so, will] his Messenger and the believers. And you will be returned to the knower of the unseen and the witnessed, and he will inform you of what you used to do.” At-Taubah (9): 105*

## FOREWORD FROM CHAIRMAN OF INDONESIAN ISLAMIC MEDICAL FORUM (FOKI)

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

*Assalamualaikum Warahmatullahi Wabarakaatuh*

All praise goes to Allah who has bestow Iman and Islam unto us. *Salawat* and greetings to our beloved Prophet Muhammad (Pbuh) and his family and companion, and to all previous prophets.

FOKI is the communication forum for the academia of medical and health faculty in Indonesia, who carries the responsibility to implement *dakwah* mission in medical and health education to build a professional generation in the field who upholds Islamic values. FOKI supports the 1<sup>st</sup> International Islamic Healthcare Conference and Expo (IHEX) conducted by MUKISI.

The quality of Islamic healthcare services are strongly supported by the efforts of educating the healthcare provider with the basic principles of Islamic healthcare. The collaboration between FOKI and MUKISI in this event is an excellent example of a comprehensive cooperation between healthcare education institution and healthcare service provider.

It is our hope that the 1st IHEX be the kick start of future massive efforts in educating medical and healthcare professionals who internalized the basic principles of Islamic healthcare services which in turn creates a healthy and just society.

Last but not least, we would like to congratulate the upcoming 1<sup>st</sup> International Islamic Healthcare Conference and Expo. The collaboration between FOKI and MUKISI together in IIMA shall put all our efforts aligned in improving the quality of Islamic healthcare education and services in Indonesia, and contributes to the struggle to uphold the Islamic World.

*Wassalamualaikum Waraahmatullahi Wabarakaatuh*

## FOREWORD FROM CHAIRMAN OF FEDERATION OF ISLAMIC MEDICAL ASSOCIATIONS (FIMA)

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

**Dear Valued Members of Indonesian IMA and MUKISI,**

Esteemed Congress Participants,

Welcome to the 1<sup>st</sup> International Islamic Healthcare Conference and Expo (IHEx) organized by MUKISI and IIMA. I warmly salute you all on behalf of FIMA (Federation of Islamic Medical Associations).

FIMA is a registered body of 50 IMAs from 45 countries which are either full or associate members representing about 50,000 Muslim medical and health professionals worldwide. It is a not-for-profit, non-political and non-governmental organization.

FIMA aims to foster the unity and welfare of Muslim medical and health care professionals, to promote Islamic medical activities including health services, education and research through co-operation and co-ordination among member organizations, to promote the understanding and the application of Islamic principles in the field of medicine, to mobilize professional and economic resources in order to provide medical care and relief to affected areas and communities, and to promote the exchange of medical information and technical expertise among member organizations. The main FIMA projects include but are not limited to CIMCO (Consortium of Islamic Medical Colleges), IHC (Islamic Hospital Consortium), FIMA Relief, FIMA Save-Vision, FIMA Save-Smile, FIMA Save-Dignity, FIMA Students Chapter, International Student Camps, Scientific Conventions, FIMA Year Books, HIV-AIDS resource center, our recently launched peer-reviewed online scientific journal, namely, “International Journal of Human and Health Sciences”, and many others.

Serving as a flagship for FIMA, FIMA Relief is dedicated to saving lives and relieving suffering through disaster relief, development programs and knowledge transfer. It provides a great platform to physicians and allied healthcare professionals. We collaborate with other relief organizations to facilitate their medical relief needs. So far, FIMA Relief missions have provided timely and effective aid for the needy worldwide. Thanks to its huge manpower of about 50,000 Muslim medical and health professionals, FIMA is always ready to extend a helping hand to all who are in dire need and to further enlarge its relief activities in troubled areas worldwide in cooperation and collaboration with volunteer NGOs and relief organizations.

On the other hand, in addition to its vast capacity and potential, Indonesian IMA is one of the most active and productive members of FIMA, thanks to its immense experience with hundreds of Islamic medical institutions and hospitals. Not only did it host FIMA Council Meeting and Scientific Conference four times in Indonesia, it has also been represented in the FIMA Executive Committee for a long time and most importantly, it is successfully holding

the presidency of CIMCO. I thank all my Indonesian sisters and brothers who have always supported FIMA with their activities.

The IHEX to be organized in Jakarta in April 2018 by IIMA and MUKISI is a significant event with various meetings, seminars, workshops, and exhibitions under the main theme “Establish Shariah Hospital in the Region Through Consolidation of Potentials of the Ummah” that could serve as a good example for the entire Muslim world. On behalf of FIMA ExCo, I congratulate all my brothers and sisters who have contributed to the organization of this important meeting. My heartfelt thanks especially go to Indonesian IMA and MUKISI.

I salute you all and pray Allah the Almighty that this meaningful event will be completed in success and serve as a model for other similar events.

Wassalam.

Prof. M.Ihsan Karaman, MD

President, FIMA
