January 31st, 2010

Dear Imana Members,

On behalf of our brothers and sisters still in despair in Haiti, we would like to thank you for your compassionate and unselfish response to the overwhelming cry for help of the Haitian people. At AIMER Haiti's makeshift hospital in Bojeux Park, your medical contributions and devotions to the injured of the surrounding areas were greatly appreciated.

Your skills and expertise helped to save many lives, deliver babies, provide better wound care to the amputees with the most efficient antibiotics that you provided. The addition of the fully operating tent, made it possible for the surgical team to perform successful operations on site. We are pleased to announce that AIMER Haiti's hospital just received its first ambulance donated by NOAH-NY. Your collaboration and cooperation with other medical team members made this first mission at AIMER Haiti's hospital a success.

We, at AIMER Haiti's hospital, do not request any monetary donations. However, as the hospital grows to better serve the victims and welcomes more medical missions, we are desperately in needs of these equipments and medical supplies:

1. Mobile X-Ray with films
2. Portable Ultrasound and EKG
3. CT Scan
4. ICU Monitoring devices
5. Surgical instruments and Orthopedic accessories (rods, screws...)
6. IV Pulls
7. Stretchers, Wheelchairs and Crutches
8. Oxygen tanks
9. Sterile drapes, gowns, sheets, pillows (w cases)and blankets
10. Medical waste disposals
11. Pain Meds PO, IV, Anastasia and antibiotics

We would like to emphasize that most of the medical care offered at HAIMER Haiti's hospital has been provided by US trained professionals from our partners such as NOAH-NY, IMANA and others.

Again we would like to thank you for your outpouring support and we hope for your continued commitment and dedication to the Haitian people and AIMER Haiti's hospital.

Best regards,

Jean Ary Ceant  
General Coordinator
