FIMA ANNUAL MEETINGS HELD IN BANDA ACEH, INDONESIA

A LARGE NUMBER OF DELEGATES ATTENDED FORM ALL OVER THE WORLD

Professor Dr. Muhammad Iqbal Khan, an eminent surgeon and vice chancellor of Tameer Millat university, Islamabad, Pakistan elected as the president of FIMA(2025-2027)

CIMCO (Consortium of Islamic Medical Colleges), IHC (Islamic Hospital consortium) symposia were a great success.

Record number of delegates attended the FIMA council meeting in Banda Aceh, the survivor town of Tsunami of 2002.

The 43rd FIMA council meeting decided to be held in Pattani, Thailand in September 2026.

Continued on Page 3

MEET THE NEWLY ELECTED PRESIDENT OF FIMA (FEDERATION OF ISLAMIC MEDICAL ASSOCIATIONS)

Professor Dr. Mohammad Iqbal Khan is a medical graduate, Fellow of Royal College of Physicians and Surgeons of Glasgow (FRCS), and fellow of the Royal College of England (FRCS). In addition to these fellowships, he has earned Master's in Health Professions Education (MHPE) from Maastricht University Netherlands. He was awarded FCPS- vascular Surgery from the College of Physicians and Surgeons of Pakistan. He has served on various academic, research and clinical positions at National Health Services (NHS), UK prior to his relocation to Pakistan; where he toiled at various clinical, academic, research and administrative positions including Professor of Surgery, Head of the Department, Vice principal at Riphah International University, Dean Health and Medical Sciences at The University of AJK, Founder Principal of AJK Medical College, Dean Health Sciences Shifa Tameer-e-Millat University (STMU). He was cofounder and remained Chairman of the Consortium of Islamic Medical Colleges (CIMCO) for 8 years. He also remained the founder Director of FIMA Save Dignity program (2007-16). He has been holding key positions in many national and international professional bodies like European Society of Vascular Surgeons and World Association for Bioethics etc.

Currently he is working as **Vice Chancellor** of Shifa Tameer-e-Millat University since 2014. He

is co-founder and **President** of the Society of Vascular surgeons of Pakistan and Chairman of the Board of governors of AEH Jaffer Foundation. He is also member of several National committees on Health and Education. In

addition to academic, research and administrative engagements, he is actively involved in clinical practice as Consultant General and Vascular Surgeon at Shifa International Hospitals. He is also Director Health Professions Education program and program director of Bioethics at STMU, visiting faculty at various Universities in Turkey, Malaysia, Indonesia, UK and Central Asia beside several National universities.

He also serves on the examiners panel of various Universities and Colleges including the Royal College of Surgeons. He has **38 years** of academic and clinical experience, authored **108 research publications and eight books** including books on Medical Ethics and Diabetic Foot to his credit besides several chapters in different books. He has presented over **398 papers, facilitated 142 workshops**, national and international and supervised **71 research** theses. His main area of interest is

vascular surgery, professional ethics and innovation in medical curricula at under and postgraduate level. He has been actively involved in designing modular integrated undergraduate curriculum for five years MBBS programs, five years residency program in Surgery, fellowship program of Vascular Surgery and Master Programs for Health Professions Education, which is implemented at various institutions in Pakistan and abroad. He was instrumental in designing and implementing fellowship program in vascular surgery by the college of physicians and surgeons of Pakistan.

He also planned and got registered the Society of Vascular Surgeons of Pakistan. Prof. Khan has been involved in number of volunteer works providing relief to the needy people in natural calamities and manmade disasters both in the country and abroad like 2004 Tsunami in Indonesia, 2005 earthquake and 2009 flood in Pakistan apart from his regular relief works in Pakistan, Sudan, Tanzania, Kosovo, Afghanistan, Bosnia, Palestine, Turkey, Burma, Bangladesh, Malawi, Turkey and other places. He established four field charity hospitals in Pakistan, one each in Kosova, Indonesia, Bosnia and Syria during disasters. His passion is to provide quality healthcare services to those who are not being otherwise taken care of and to provide affordable high quality tertiary education to everyone who strives for that.

FIMA Lifetime achievement award presented to Dr. Attallah Ruhailly from IMA of Kingdom of Saudi Arabia.

Truly historic and very well attended FIMA meetings were held in the historic city of Banda Aceh, the survivor town of deadly Tsunami of

2004 and the first sultanate in Sumatera from where Islam spread in the region of south east Asia. Banda Aceh, Indonesia witnessed a mega medical activity. It is the capital city of Aceh province some 3 hours Ariel distance from Jakarta, jointly hosted by Universtas Syariah Kuala Indonesia, IMA of Indonesia, MUKISI and FOKI. The pre-council meeting of FIMA

executive committee was held on 3rd September 2025. FIMA pre council meeting discussed the President's report, executive director's report and treasurer's report and examined the arrangements for 42nd FIMA council meeting, FIMA scientific seminar, CIMCO and IHC Seminars.

42nd FIMA council meeting was held

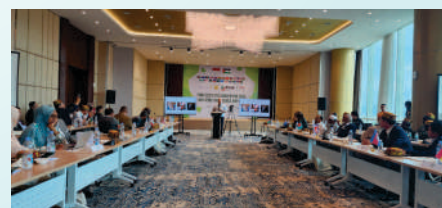

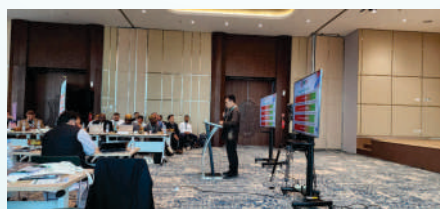

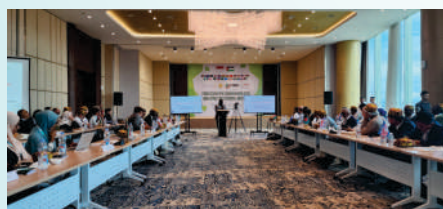

in the auditorium of BSI (Bank Syariah Islami, Indonesia). The meeting started with recitation of holy Quran followed by the welcome address of local host and dean of USK, Aceh, who greeted the delegates and announced the council meeting and FIMA scientific seminar open. It was followed by a cultural program presented by the local students. Dr. Abdul Rashid Abdul Rahman thanked the FIMA delegates and local organizers and hosts for their excellent arrangements and FIMA delegates who travelled all the way

from four continents and represented 60 IMAs and affiliates. He told that it was the second largest attended meeting of FIMA council after the Turkey meeting held in 2017. More than 120 delegates attended besides a large number of family members of the FIMA fraternity, which made it a truly representative eve.

The report of executive director related to working and projects of FIMA was presented by Dr Hafeez ur Rehman, in detail. Report of FIMA EXCO

activities and president was presented by FIMA President, Dr Abdul Rashid Abdul Rahman. Report on FIMA finances and relief wing was presented by Dr Ashraf Jedaar. Dr Eka Ginanger on behalf of the host IMA and USK welcomed the delegates. Report on FIMA students activities was presented by Dr Ata Allah Ruhaily. Report of FIMA Save-vision was presented by Dr. Intizar Butt, report of CIMCO was presented by Dr. Iwang Yusuf and IHC report was presented by Dr Ishak Masud the salient features of report of

FIMA save dignity was presented by Dr. Ismail Salisu. Dr. Musa Nordin also briefed about report of FIMA advisory council, Safe Water and FIMA Yearbook.

A resolution was approved for extending moral and monetary support

to the families of martyred medics during the recent Gaza conflict. An exciting cultural program added insight into cultural foundations of Aceh and was a great avenue to further the colors and charms of this region which is deeply embedded in Islamic traditions. President, Dr .Abdul Rashid

applause and appreciation was extended to the faculty and organizers from USK,Aceh.

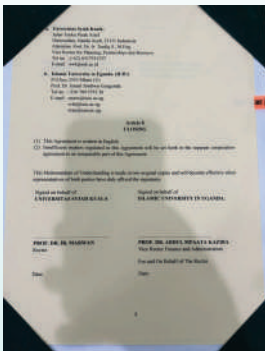

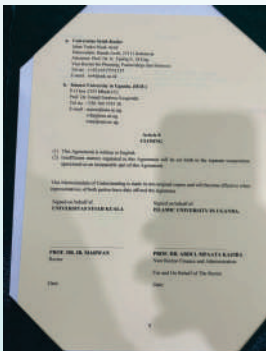

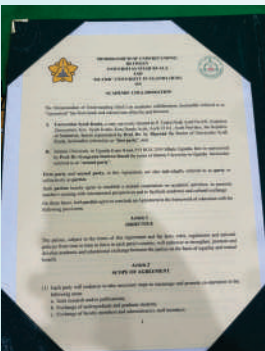

The reports of IMA's from Australia, Afghanistan, Bangladesh, Ghana, Jordan, Islamic Hospital, Jordan, Mauritius, Malaysia, Indonesia,

Philippines, Thailand, Pakistan, Saudi Arabia, Turkey, South Africa, Tanzania, Kenya, Al Khidmat, USA, Uganda, Nigeria, Somaliland, Palestine and Doctors worldwide, Turkey.

The salient features of the reports were:
1. IMA Palestine: Equip doctors with ACLS certification to be trainers, in order to be ready for any disaster
2. IMASA: Elected new office bearer. Held programs in IMASA chapters
3. IMAU: Held fistula camp with Dr

Aminah Najjemba, establish SIUMST, elected new office bearers.
4. Alkhidmat: Implemented nationwide healthcare, Palestine aid, education, orphan care, Islamic micro finance, community services

- 5. **BIMA:** Membership recruitment through advocate, empower, unite approach
- 6. **IMAM/IMARET:** Held webinar and disaster response
- 7. **TIMA:** Elected new office bearer
- 8. **PIMA:** Explore collaborative project in Azerbaijan and Kazakhstan with future

- pathway through digitalization and research on medical sciences. Advocacy for doctors to address ethics for social/security/harassment problem
- 9. **NDF:** Elected new office bearer. Currently establishing internal strength
- 10. **IIMA/IMANI/FOKI/MUKISI:** Disaster response in collaboration with MDMC. Need to get WHO EMT

- Initiative verification. Strengthening CIMCO and IHC agenda.
- 11. **MHWG:** Ongoing consolidation with IMAGH
- 12. **Hayat Vakfi:** Routine student programs
- 13. **DWWT:** To apply for FIMA associate membership. DWWT to collaborate with

Together with the Director General Educ Ministry, we support the education process for Palestinian doctors. At the CIMCO - FOKI event, the Indonesian Islamic Medical Forum.

local IMA for implementation of relief works

14. IMAN: Active in National Agency for Control of AIDS (NIFCOB-AIDS), Nigeria interfaith coalition against HIV-AIDS. Collecting data through agencies, for future plan

15. AIMA Australia: Muslim are professional and competent, to curb islamophobia. Many activities were covered in national TV and other media

16. AIMA Afghanistan: Main focus for Health education and awareness. Working to provide better platform for female HCW

17. JIMA: Elected new board. Propose

student exchange for elective training within member IMA. IMAs to join Project for Gaza BOHC

18. Islamic Hospital: Tribute to Dr Marwan former colleague in IH

19. IMANA: Focusing on emergency relief, serve medical mission. IMAs are welcome to collaborate

20. MWW: Main activity is in Central Gaza, resources are destroyed in North Gaza. Rehab program should focus in South Gaza

21. SMV: Proposing Nyamato Medical City.

22. KAMMP: Engaging programs with local/regional IMA. Spearheading

FIMA Mind Care.

23. IMAC: Serving Muslim communities with medical care and education

24. BMS: IFH also attract interest from non muslim hospital. Looking for certification body for standardisation. BMS must look for national level scope of IMA in the Philippines.

25. IMAKSA: Implemented surgical camps in African countries, funded by WAMY

26. Somaliland: elected new office bearer. Engaging programs with local communities. Hosting FIMA Save Vision camps and training

The reports of regional directors were also presented by Dr. Majid Kagimu, Dr. Parvaiz Malik, Dr. Muhammad Iqbal Khan, Sharif el Ghazal, Ammar Abu Supoh, Abdul Rashid Abdl Rahman and Salisu Ismail.

Other agenda items were also discussed, including report of FIMA e-

newsletter, FIMA save earth and FIMA save heart projects.

Following points were discussed. 1. How close are we in achieving our KPI and FIMA Vision 2030 2. Membership 3. Activism 4. Guiding IMAs and Projects in need 5. Financial health and investment 6. Constitutional and by-laws amendments 7. Future Council

Meeting 8. FIMA Lifetime Achievement Awards proposed recipient 9. Gaza rehabilitation roadmap.

FIMA Save Vision report was presented by Dr. Intzar Butt and it was told that FIMA Save Vision formed a global executive council last year, to include many more from different

countries. Save Visio regularly conducting eye camps and training in African countries. Total beneficiaries now exceeds 3,943,787 outpatients and 544,044 surgeries. Now addressing glaucoma surgeries apart from cataract. POB Eye Hospital in Karachi and Lahore performing well.

Project team to submit for King Faisal Award, in category 5: Medicine and Science. More than 40000 surgeries performed between August 2024 to August 2025 FIMA Newsletter Website has been updated with Newsletter. FIMA Newsletter is disseminated through WhatsApp and email by FIMA secretariat

Report of HIV Resource Centre was presented by Dr. Ayub Twaha. The center is providing HIV/AIDS services to communities and Saidina Abubakar Hospital in

Wattuba, promoting increased religiosity for HIV prevention in the

community and monthly data collection and analysis.

Challenges:

- We still have old vehicles. This limited our outreach activities
- Inadequate funding for community activities made worse by closure of USAID
- Inadequate reporting of HIV/AIDS services by IMAs to the FIMA

HIV/AIDS Resource Centre
- Christian based NGO participating in international events

IMA and FIMA can contribute:

- IMAs to send reports of their HIV/AIDS services to the FIMA HIV/AIDS resource centre preferably every six months
- Continue to support the FIMA HIV/AIDS resource centre in fund

raising for vehicles, infrastructure, logistics and human resources.

FIMA Save Dignity report was presented by Dr Salisu, he briefed that USD10,000 grant received from FIMA allocated for Nigeria (USD9,000) and Malawi (USD1,000) with 238 patients benefitted from VVF repair surgery. 21,000+ more benefitted from awareness creation through

roadshows, TV and radio programs, and outreach programs. There is the opportunity for collaboration with FIGO certified doctors in Nigeria to assist with the VVF repairs in Malawi and other African countries. FIMA Save Dignity Project will collaborate

with other NGOs like Medics Across Continents and Philanthropists with similar objectives. Other member IMAs are welcome to collaborate. The project is lead by Dr Haja Ratu

Save Heart: FIMA Save Heart Centre

will be establish by Jigawa State government in Dutse, Nigeria, funded by government and NGO through PPP basis. The centre will be managed by local and international collaborators. FIMASAC

The project has regularly conducted Inspire webinar series monthly, and annual student camp and umrah program. 23rd Student Camp on 2-6 August 2025 in Sei Rock Beach Resort in Mombasa, Kenya 14th Umrah Program on 4-8 January 2025, 50 female only participants from 14 countries Coming program: Male only Umrah 9-15 January 2026, and Student Camp 1-5 August 2026

FIMA Yearbook, report by Dr. Musa Yearbook 2024 managed to publish 8 articles out of 12 pledged. Yearbook 2025 will carry the theme: Health Policy and Islamic Governance: Bridging Ethics and Public Health. Call for authors have been disseminated.

FIMA Mind Care project envisage to promote mental wellness and reduce stigma associated with mental illness in Muslim communities. Programs include educational workshops and seminars, youth engagement programs, annual global mental health awareness workshop. Pilot projects by BIMA, AIMA and KAMMP. Each IMA to appoint PIC to FIMA Mind Care

Safe Water report by Dr. Musa, Implemented in 80 locations in 6 countries. Supplying 865,000 liters of water every day to 310,000 people. FIMA Safe Water initiative installed a number of water plants in Gaza, as all the previously installed plants were destroyed. This year we did at least 6 wells in Gaza. Gaza Relief of FIMA includes Main partners: AKFP-PIMA, DWWT, IMANA, IMARET Aids are not allowed into Gaza from West Bank, the prospects are still very uncertain. NGO must register for UN approval to enter Gaza. We also need to have updated needs analysis, training and resources within the UN approved NGO. Al Khidmat has successfully delivered the badly needed food items and medical supplies through the courtesy of Pakistan and Jordanian Governments. It was proposed that FIMA should strengthen advocacy in its capacity of being an independent medical organization with UN and other global institution. DWWT can

send physical facilities if Rafah border is open. Now focus on rehabilitation and psychological support.

CIMCO report was presented by Dr. Iwang Yusuf, the project is maintaining IJHHS website. Coordinate with Palmed Academy for continuation of Palestinian medical student education. Collaborate with Aasim Padela team on Bioscience and Islamic theology projects.

IJHHS report was presented by Dr Abu Kholdun, the Journal has been published regularly, getting many articles from around the world. Publication and citation showing uptrend growth. Still need many more articles and further increase ranking. IMAs urged to share and cite from the journal.

FIMA-HIM (History of Islamic Medicine) under the leadership of Dr. Shareef from BIMA, conducted 7 webinars between 2024-2025. Presented about HIM at FIMASAC, Student Camp in Mombasa and CIMCO Symposium in Banda Aceh. Subscribers and viewers showing uptrend growth.

Lifesaver has a new international director appointed: Mohammed Khanji (BIMA) replacing Dr. Wajid Akhter. 22 countries confirmed participation in 2025. This year Lifesaver will be conducted simultaneously on Saturday 27 September 2025. Urging all IMAs to participate in this high impact project.

IHC (Islamic Hospital, Consortium, report was presented by Dr. Ishak Masud, This year marked 20th anniversary of the project. From its early emphasis on patient worship facilitation and ethical guidance, the movement has evolved into three mutually reinforcing streams of practice and accreditation: Ibadah Friendly Hospital, Islamic Hospital, and Shariah Compliant Hospital. Main players: Malaysia, Indonesia, Pakistan, Bangsamoro, Nigeria.

Social Media report was presented by Dr Asiya, the project is currently

active on Instagram and Facebook. Main channel for branding awareness and membership recruitment, especially among young people. Growth spurt observed after Student Camp and Council Meeting events.

Beat of the Heart is actively sending aid, powered by Jordan medical association. 57 Gazan third year medical student currently in Malaysia for 1 year, another good number are now settled in Pakistan and all the expenses are borne by AL Khidmat and PIMA.

FIMA received following new Member application Ethiopia: Ethiopian Muslim Health professionals Association (EMHPA) Mauritius: Islamic Medical and Allied health profession Association (IMAHPA) South Africa: Al-Imdaad Foundation Syria: Hayat Medical Association for Health Services and Education - pending Syria: Syrian Board of Medical Specialty (SBOMS) New Zealand: awaiting membership form submission.

FIMA RIPE – This new initiative will be lead by Dr. Iqbal Khan from PIMA Research, Innovation and Entrepreneurship. Muslim countries have striking growth rates. Capabilities available in each country vis a vis their potential in leading scientific research and innovation. Need to build awareness on self-reliance through indigenization in Muslim countries. Establishment of partnerships among Muslim countries and Muslim professionals across the Globe. Establish a platform to help collaborate and work together.

Strengthening Postgraduate Medical Education with CPSP (College of Physician and Surgeon Pakistan)

CPSP offers fellowship program. Dr. Abdullah Muttaqi from PIMA represented as a councilor of CPSP proposed collaborations with FIMA members in reciprocity, accreditation, exchange of examiners and Palestinian medical student sponsorship, hosting university is giving 30% discount off the fee. CPSP is opening a specific

center for Palestinian student, due to start in November 2025 co-sponsored by Pakistani government.

New member proposal

FIMA Lifetime Achievement Award was presented to Dr Atallah Ar Ruhaily in a special session, FIMA President and executive director presented the souvenir and speakers highlighted the meritorious services rendered by the FIMA veteran, especially in the area of developing and promoting FIMASAC.

The scientific convention, CIMCO and IHC symposium were held on 6th and 7th September. These were very well attended and a series of insightful sessions led by esteemed academic, medical and Islamic scholars under the theme of "Empowering the Next Generation: Transforming Healthcare through Innovation". The scientific committee invited international faculty from various IMA representatives who spoke on their area of excellence and expertise.

Prof. Aasim Padela (Medical College of Wisconsin, USA) delivered his

presentation on "Bioscience and Islamic Theology". Moderator of the morning session was Iman Permana, Ph.D. Professor Kaziba Mpaata (Vice Rector Islamic University in Uganda) delivered her lecture on "The successes and challenges in running an Islamic Medical College in Sub-Saharan Africa: Experience from Habib Medical school of Islamic University in Uganda".

Islamic Medical Ethics: Best Practices from Indonesia Medical Schools was the topic of the talk of Dr. Fika Ekayanti (UIN SH Indonesia). Moderator of the session was Dr. Zwasta P Mahardika. The second symposium was held in the afternoon session, the first speaker was, "The challenges and Successes of establishing a new International Islamic Medical college in Africa: Experience from Sharif International University of Medical Sciences and Technology (SIUMST) and Islamic Medical Association of Uganda (IMAU)" by Dr. Nsubuga Haruna (Vice Chancellor University of Medical Sciences and Technology) followed by a talk on Shariah compliant health services an Indonesian experience by Dr. M. Adib, SpOT (LK-MUI FKK UMJ Indonesia) Moderator of the session was Dr. Ida Royani.

The last session of CIMCO symposium started with presentation: "Towards a Holistic Islamic Medical Curriculum: Integration of Islamic Knowledge in Medical Training – Experiences from Islamic University in Uganda" by Dr. Naziru Rashid (Faculty of Health Sciences, Islamic University in Uganda). A talk on "The Innovations and Advancements in the Golden Era of the Islamic Civilization was the topic of a very interesting talk, made by the guest speaker from UK, Prof. Sharif Kaf Al-Ghazal (International Society for the History of Islamic Medicine/ ISHIM), the past president OF British IMA. Dr. Umatul Khoiriyah, Ph.D was the moderator of the session.

The 20th IHC (Islamic Hospital Consortium) seminar was held on 6th September in the auditorium of Rumah

Sakit Umum Daerah Zainoel Abidin, Banda Aceh. The theme of symposium was, "Strengthening of commitment of Maqasid el Shariahin healthcare delivery. Dr. Isra Firmansyah, Director of Zainoel Abidin regional hospital greeted and welcomed the delegates and gave an excellent presentation on "Overview of Shariah Hospital governance in Indonesia. The backbone and chair of FIMA IHC Dr. Ishak Masud had a talk on Ibadah friendly hospital: A 20 year journey. Prof. Dr. Omar H. Kassule, professor King Fahad Medical city, Riyadh made an insightful insight on Applications of maqasid Shariah/Qawaid Al-Faqihyah in Islamic Hospital. Dr. Sherjan Kalim from Philippines shared his experience of Ibadah friendly hospitals in Philippines. Dr. Salisu Ismail from Nigeria also shared the local experience of Ibadah friendly hospitals in Nigeria. Dr. Dadan Rukanta, orthopedic surgeon from Bandung, Indonesia made a presentation on "Shariah hospital certification in Indonesia: collaboration between the national Shariah council and Mukisi, one decade experience". Dr. Muhammad Zahid Latif, Chairman Alkhidmat health foundation made an excellent talk on "Ibadah friendly hospitals in Pakistan". Ms. Rehana Sadiq, a Muslim chaplain at Birmingham, NHS hospital, UK delivered an elaborate presentation on, "Why we need spiritual care for our hospitals". It was followed by a tour of Dr. Zainoel Abidin General Regional Hospital.

7th SKIC-MHS scientific meeting was held in the auditorium FMIPA, USK, Banda Aceh, Indonesia on 7th September. The speakers included Dr. Ihsan Karaman, Dr. Asim Padela besides the local faculty. The concluding session of the FIMA scientific meeting was held in the evening of 7th September The chairman and organizing secretary of the event thanked the faculty, delegates for their whole-hearted participation and keen interest they showed inspite long hours of marathon session, which were of course rewarding and a great source of knowledge, learning and exchange of ideas and networking.

RESOLUTION

FIMA Announces Landmark Resolution for Families of Martyred Healthcare Workers in Gaza.

Banda Aceh, Indonesia – September 05, 2025 – In a historic and compassionate move, the Federation of Islamic Medical Associations (FIMA), convened at its Annual Council Meeting in Banda Aceh, today passed a resolution to provide sustained humanitarian support for the families of healthcare workers who have been martyred in the ongoing crisis in Gaza.

The resolution, championed by FIMA and led by its member organization, Alkhidmat Foundation Pakistan, establishes a monthly sustenance allowance for the families of the 1,560 doctors, nurses, paramedics, and other medical personnel who have lost their lives while serving the wounded and sick in Gaza.

Under this initiative, each affected family will receive a monthly allowance of **£ 100**. This sustained financial support is aimed at alleviating the immediate economic hardship faced by the dependents of these heroes, ensuring they have access to basic necessities such as food, shelter, and medicine.

The passing of this resolution marks a significant milestone in global medical solidarity. Islamic Medical Associations (IMAs) representatives from over 50 countries stood united in acknowledging the immense sacrifice of their colleagues in Gaza and affirming their duty to support the families they left behind.

“Our healthcare brethren in Gaza have written a new chapter in medical heroism with their blood and sacrifice. They stood firm in their oath to serve the wounded, even as their own hospitals were bombed and their own lives were taken,” said Prof. Dr. Hafeez ur Rahman, the Executive Director of FIMA and President of Alkhidmat Foundation Pakistan. “This resolution is our solemn duty—a small token to honor their immense sacrifice and ensure their loved ones are not forgotten. We pray to Allah to alleviate their grief, protect their families, and bless their patience and perseverance.”

Alkhidmat Foundation Pakistan, with its extensive experience in humanitarian aid and disaster management, will lead the operational implementation of the program, working through trusted channels on the ground to ensure the aid reaches its intended beneficiaries efficiently and transparently.

FIMA calls upon the international community, NGOs, and people of conscience worldwide to recognize the scale of this tragedy and to support efforts aimed at protecting healthcare workers and civilians in conflict zones.

Sincerely,

Abdul Rashid Abdul Rahman

President

PAKISTAN'S RELIEF CONSIGNMENT TO GAZA ARRIVES AT EL-ARISH INTERNATIONAL AIRPORT

Embassy of Pakistan
Cairo
PRESS RELEASE

On the special directives of Prime Minister Muhammad Shehbaz Sharif, Pakistan's National Disaster Management Authority (NDMA) in collaboration with Al-Khidmat Foundation dispatched humanitarian and relief consignment for the brotherly people of Gaza Strip.

A chartered aircraft from Pakistan carrying 100 tonnes of relief supplies landed at El-Arish

International Airport, Egypt today.

Officials from Embassy of Pakistan, Cairo received the relief consignment, and handed over to Egyptian Red Crescent Society for onward dispatch to Palestinian citizens inside Gaza.

The Government and people of Pakistan, with highly commendable contribution from Al-Khidmat Foundation, will continue to provide much needed humanitarian assistance for their Palestinian brethren.

Total humanitarian assistance provided to Gaza residents by the Government and people of Pakistan so far has reached 1915 tonnes. More consignments are on their way and will be delivered in coming days to the Palestinians inside Gaza.

CENTRAL PRESIDENT OF PIMA, VISITED THE FLOOD-AFFECTED AREAS OF BUNER

Central President of Pakistan Islamic Medical Association (PIMA), Prof. Atif Hafeez Siddiqui, visited the flood-affected areas of Buner along with the Khyber Pakhtunkhwa team on 6 September 2025.

He reviewed the PIMA medical relief activities and assured every possible support. On this occasion, Dr. Fakhar Alam, Dr. Abdul Hameed, Dr. Daniyal Ahmed, Dr.

Zia Ullah, and PIMA Buner President Dr. Qadir Khan also accompanied him.

He expressed condolences to the families of the victims in Bashonai/Pir Baba. He met with the doctors serving at the PIMA Medical Center and appreciated their selfless services. He also visited the affected areas and the Alkhidmat Center.

Later, he held meetings with former Central President Dr. Abdul Malik, other local PIMA members, and doctors.

REMAINING MESSAGE OF THE PRESIDENT

Medical Faculty of Universitas Syiah Kuala Banda Aceh. FIMA family expresses deepest gratitude and extends sincere indebtedness to all organizers; members of IIMA (Indonesian Islamic Medical Association: FOKI, MUKISI, IMANI), honorable Rector of the University, Dean of Medical Faculty and all academic and administrative staff of the Universitas Syiah Kuala for their exemplary hospitality and suburb arrangements. This reminds us the extreme sincerity, sound brotherhood and exceptional leadership of Muslim Ummah. FIMA council meeting was enthusiastically attended by 34 IMAs from 25 countries, where, global issues related health care and their solutions were deliberated with elegant proposals. In this meeting, apart from presenting progress reports of all member states, FIMA projects, and at stretch discussed future plans; how effectively and collectively FIMA members can help out Palestine cause particularly health care crisis in Gaza. An innovative resolution was passed to support the families of 1580+ martyred healthcare workers. FIMA welcomed 2 new member IMA: IMAHPA of Mauritius and Hayat Society of Syria and inducted new projects in its fold. FIMA council also elected new president and executive council for next term (2025-27).

During the scientific sessions, crucial health care issues were deliberated aiming at the solution of the unsolved in contextual environment and Islamic ethical, value-based ecosystem. Parallel sessions were arranged by Consortium of Islamic Medical Colleges (CIMCO), Islamic Hospitals consortium (IHC) and Syiah Kuala International Conference. Following consultation with the Islamic Medical Association of Thailand, it was decided to hold next council meeting and scientific conference, on September 3-6, 2026 at Patani Thailand. It will be another occasion where, the new set of milestones will be achieved particularly bringing more IMAs in to FIMA fold, expend the scopes of FIMA projects like IHC, CIMCO and others. FIMA regional directors are stressed to reach out at every corner of the globe aiming at inclusion of all IMAs and to organize IMA if they do not exist currently with

overarching Islamic concept of; “Cooperate with one another in goodness and righteousness, and do not cooperate in sin and transgression. And be mindful of Allah. Surely Allah is severe in punishment” (Quran 5:2).

Dear brothers and sisters; We all must be mindful of our duties as Muslim health care professionals and must affirm our commitment to care of those who are otherwise not being taken care and to the cause of Ummah. We must be exploring all possible means to help out our brethren who are victim of man-made disaster like Gaza massacre and natural disasters at other places, where people need expertise to overcome these adversities. Global involvement in crises management will continue accentuating all our efforts to relief the burden faced by the Palestinian from the health and humanitarian perspective while the international committee continues to stutter on further effective moves in this regard. Alkhidmat foundation, PIMA and other FIMA members effectively providing relief and rehabilitation work at Gaza. Preparing health care workforce by educating and training of medical, dental and other students from all three universities of Gaza, continues with full force, zeal and ardor despite the monumental challenges. May Allah enable us to continue to be of assistance to the plight of the Palestinians. This time the council confer the Aly Mishal FIMA Life Time Award to Dr. Attaullah Rohili from the Kingdom of Saudi Arabia. We sincerely congratulate time for this lifetime achievement.

I request all IMAs leadership to commence enthusiastic preparations of next FIMA council and Scientific meeting at Thailand Insha Allah. I wish and pray for the success of all FIMA projects and all IMAs.

Respectfully written by
Mohammad Iqbal Khan
