IMARET Outreach

8th January 2022 - IMARET collaborated with the AVA Project Team (Alumni MYCORPS Malaysia) and Pasukan Pergigian Bahagian Miri to mobilize an outreach mobile clinic to a remote location in Bekenu, Miri.

15th-16th January 2022, our volunteers of 32 (among them are 12 Medical Volunteers). They were mobilized to Sg. Chang, Bidor & Kg. Menderang Sungkai, Perak for an outreach mission to distribute booster doses to the Orang Asli Community. Our volunteers have managed to vaccinate a total 522 residents!

IMARET4OrangAsli

24th-27th January 2022 - IMARET proceeded through Gua Musang, with Kg. Chemal as base of operations. Many memories were created here and around.

The journey continued to Pos Belatim on 27th - 30th January 2022. This time IMARET Outreach team decided to cater for Flea Treatment as the root of hair hygiene.

25th February 2022 | Gua Musang | Pos Balar - Mobile clinic was set up by the Medical volunteers which offered service such as antenatal, vaccination, acute illness and chronic disease. Families were also given hygiene kits, basic medicinal packs and milk formulas & clothes.

IMARET Ramadhan Covid Care

To commemorate the Holy Month, IMARET ran a COVID-Care packs distribution to the underprivileged community. This distribution is meant to give a set of items to protect the community during the fasting month.

Akademi Tahfiz Al-Hidayah, located in Kuala Lumpur, has become our first location for the Ramadan COVID-Care Pack. This event was a success due to the collaboration with Ensany Global through their "Iftar Sahur for Everyone". Whereby, they have contributed delectable food packs for the orphans of 'Akademi Tahfiz Al-Hidayah'.

The Ramadan COVID-Care Pack are a set of items aimed at equipping the communities with protective tools to ease their transition into endemic phase. The packs includes face masks, hand sanitizers and test kits.

IMAM Research Grant

IMAM believe that research and development should be the pillar to the implementation of activities to ensure efficiency and efficacy.

With the formation of the IMAM Research grant, IMAM strives to be elevated as an evidence-based scientific organisation and to be recognised as an accomplished Islamic medical body both nationally and globally.

Currently, we have received a total number of 7 application coming from scholars in areas involving IMAM-related activities.

**IMAM
RESEARCH
GRANT**

FIMASAC Board (FIMA Students Affairs Council) is pleased to announce the launching of one of its major activities. That is "FIMASAC Inspire" monthly virtual meeting. This will be organized solely by students chapters from all IMAs on monthly basis rota. The activity is planned to be held online regularly on the last Saturday of each Gregorian

month. We will have the first session of its kind on Saturday 25 June 2022. This first session will be organized by IMA-Uganda student chapter. The target audience are healthcare students (both males and females at undergraduate and postgraduate levels) from all IMA Students Chapters. This will be followed by IMAKSA and then IMAM and so

on.... Each IMA will have their chance equally.

Please circulate this announcement to concerned students and their leaders. Also please remind your IMA to be ready to participate in presentation with honorable competition.

Best Regards
Chairman, FIMASAC

CENTRAL EXECUTIVE COUNCIL MEETING OF PIMA WAS HELD AT SHIFA COLLEGE OF MEDICINES ISLAMABAD

Central Executive Council (CEC) Meeting of Pakistan Islamic Medical Association was held at Shifa College of Medicines Islamabad on 18-19 June 2022. A SEMINAR ON “EMERGING GENDER ISSUES-CRITICAL ANALYSIS-AN ISLAMIC PERSPECTIVE”

A seminar on “Emerging Gender Issues-Critical Analysis-an Islamic Perspective” was held under the auspices of Pakistan Islamic Medical Association at Shifa International Hospital, Islamabad on June 26th 2022. The seminar was attended by a large number of mainly female participants and was linked on Zoom and Face Book media connecting with a large number of physicians from Pakistan and abroad.

The Seminar started with a thematic talk by Dr. Umme Kulsoom on the importance of Islamic and Human values relating

to the family structure and system in light of Islamic teachings.

Dr. Ghazala Talib and Dr. Shagufta Umar made a presentation on present day interpretation of Human rights and its comparison with the human rights guaranteed in Islam. Dr. Naveed Butt and Dr Quratul Ain discussed the disorders of sex development and its psychological and social impact in the society. They mainly addressed the issue of transgender and the viewpoint of various segments of our society and its pitfalls.

Senator Mushtaq Ahmad Khan

updated the audience regarding Transgender law in Pakistan and its implications and issues arising from it, followed by a panel discussion and a Q & A session with eminent faculty including Prof Dr. Najibul Haq, Prof Dr. Iqbal Khan and Dr. Ismatullah. Dr. Kausar Firdaus highlighted the issue of LGBT legislation in the world and the future scenario and its anticipated implications especially focusing on its effects on family values. There was a very lively session of comments and questions and answers session and the matter was discussed in depth and in detail.

NDF'S CHIEF ADVISER WITH THE FLOOD AFFECTED PEOPLE

NDF's Chief Adviser with the flood affected people. He reached

their within six hours of the beginning of flood.

REMAINING MESSAGE OF THE PRESIDENT

fortunate we are highly encouraged to observe the first 9 days of this special month with fasting, charity and good deeds culminating in the day of *Arafah* on the 9th Zulhijjah. We are also encouraged to participate in the sacrifice of an animal to be distributed among others to the needy

Sacrifice is something with resonates well with FIMA and its activities . Members, through their respective IMAs have over the years been sacrificing their time and money to assist mankind . This issue of the Newsletter highlights one such initiative that of the IMAM Response and Relief Team (IMARET). It is my firm believe that all IMAs have their own Relief arm doing great humanitarian work . We are constantly reminded of natural and made man disasters which required our attention. Since the last issue of the Newsletter, part of Bangladesh experienced the worst flood in a century and Afghanistan had its worse earthquake in decades. In both these NDF of Bangladesh and AIMA of Afghanistan played significant roles in Relief efforts. May Allah always keep us all safe and healthy to serve HIM by doing *amal soleh* to mankind

This issue of the Newsletter also highlighted an important novel activity of IMAM that of awarding Research grants. This is an initiative IMAs can emulate to spur innovation and generation of new knowledge to

serve mankind. Investing in research is an Islamic tradition which is often forgotten and I pray IMAs can be the catalysts in their respect countries. It is highly encouraged that research findings from IMA related activities be also published in our own Journal (IJHHS) which *Alhamdulillah* is growing from strength to strength

Another important aspect of FIMA's planning for the future is the training of the next generation of leaders. I congratulate FIMASAC for yet another innovation in organizing the monthly FIMASAC INSPIRE programme which kicks off a few days ago. I encourage all IMAs to invest heavily in guiding and training students to be our beacon of hope for the future

Lastly a gentle reminder that our Council Meeting in Islamabad is only just over 3 months away. Let us make the necessary preparation to congregate at the end of October for a fruitful and much anticipated gathering.

Walaikum Salam
Prof. Dr. Abdul Rashid Abdul Rahman
President, FIMA
