REMAINING MESSAGE OF THE PRESIDENT

Alhamdulillah we are now more than 1 month into the new Hijri year of 1444 and as I am writing it is the first day of the month of Safar. The last few days' global headline has been the severe flooding in Pakistan with the latest death toll at more than one thousand lives with more than 300,000 victims displaced and 90% crops in the Province of Sindh ravaged. PIMA and Al Khidmat are as always in the thick of the action in helping those affected. Head of FIMA Relief has also sent messages to all IMAs to assist in this natural disaster rescue efforts at the minimum with financial assistance. A gentle reminder on the FIMA Relief Account at the Standard Bank of Africa (Account no:071848770, Branch Code 051001, Ref: Pakistan Flood) Some has described this flash flood as 'disaster beyond imagination" and with Pakistan's meteorological department warning of more flash floods ahead we pray to Allah *azzawajal* to protect our brothers and sisters in Pakistan while we play our parts in providing assistance *in sha Allah*.

This issue of the Newsletter covers activities from a wide spectrum of FIMA's fraternity ranging from activities from two founding members (IMANA and PIMA) to that of two newest affiliate members (Kibuli Hospital of Uganda ; accepted in 2019 and Australia IMA ; accepted less than 12 months ago in 2021). Also rather unprecedented is that of an item from an IMA which is only recently been approved in its country and not yet admitted as a FIMA

affiliate member (the IMA of the Democratic Republic of Congo or DRC). We will invite the IMA of DRC to present their IMA to the coming 39th FIMA Council Meeting in Islamabad for the FIMA Council to formally accept it as our newest member . Also included in this issue of the Newsletter are activities from SOYDA of Somalia, SMV of Tanzania and NDF of Bangladesh. This plethora of activities from all over the "FIMA world " stretching from the far west to the far east of the globe is a testimony of the vibrancy and universal reach of FIMA's diaspora. Please keep this reporting of IMAs activities coming . A special *jazak Allahu khairan* to our beloved Editor Dr. Tanveer Zubairi for keeping this important lifeline of FIMA going from strength to strength *bi iz nillah*.

Lastly a gentle reminder that our Council Meeting in Islamabad is only just under 2 months away. Let us make the necessary preparation to congregate at the end of October for a fruitful and much anticipated gathering. Let us not forget in our *doas* to ask Allah to help Pakistan recover from this latest test of severe flash floods.

Walaikum Salam
Prof. Dr. Abdul Rashid Abdul Rahman
