MESSAGE FROM THE PRESIDENT

In the Name of Allah the Beneficent the Merciful

Peace and Blessing be Upon the Messenger

Dear Members of the FIMA Family,
Esteemed Sisters and Brothers,
Assalamu Alaikum

We praise and pray to Allah *taala* that this edition of the Newsletter meets our brothers and sisters from the global FIMA fraternity in the best of health, physically and

PAKISTAN HIT BY WORST EVER TORRENTIAL RAINS AND FLASH FLOODS

PIMA & Alkhidmat at the frontline in provision of Humanitarian and medical relief.

Thirty-three million people have been affected by the recent floods and unexpected heavy rain pours in Pakistan. The disaster has left more than 1,300 people - including more than 400 children - dead, displaced millions and put one-third of the country under water.

The floods were brought on by a severe heatwave which caused glaciers in the mountains to melt and heavier-than-normal monsoon rains.

As initial floodwaters ravaged towns and villages, drowning posed an immediate danger, and many people lost their lives this way. But as water continues to destroy crops and the roads along which food is transported, malnutrition becomes a very real threat. As is the case with many natural disasters, the most vulnerable will be the worst affected.

Editor: Dr. Tanveer Zubairi, Ex. President, FIMA | **Assistant Editor:** Sajjad Saleem
Prof. Dr. Abdul Rashid Abdul Rahman, President, FIMA | Dr. Eka Ginanjar, General Secretary, FIMA

As well as being a humanitarian disaster, the floods also threaten the very fragile health infrastructure that was in place in Pakistan, bringing with them a new set of worrying health challenges.

Central President of PIMA Dr. Khubaib Shahid told in a press release that PIMA medical

assistance is being provided to flood victims through medical camps and mobile clinics in various areas including Rajanpur, Jhal Magsi, Quetta, Nushki, Jacobabad, Khairpur, Sukkur, Shikarpur and other areas. The current situation is worst, more disturbing and has a vast impact than the previous natural disasters like earthquake in 2005 and floods

in 2010 and 2012, he added. The volunteer doctors of PIMA are trying to protect the victims from infectious diseases and providing them with free treatment facilities. Besides general medical camps, PIMA Women Wing is also organizing obstetric camps in flood-hit areas. PIMA and AlKhidmat has appealed for support and assistance.

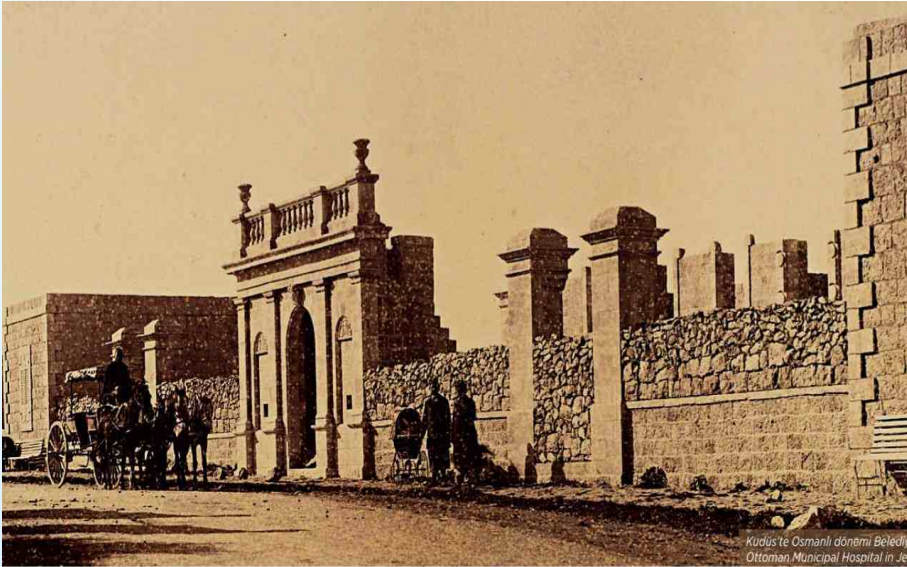

HEALTH HISTORY OF PALESTINE IN THE OTTOMAN ERA INTERNATIONAL SYMPOSIUM

A symposium was held under the auspices of Biruni University Istanbul to commemorate the 'Health History in Palestine during Ottoman period' on September 12-13, 2022.

Hayat Foundation leadership including Dr Ahmad Oznic, Dr Ihsan Karaman, Dr Sharif ul Ghazal, president of BIMA and a large number of participants from Turkey and abroad attended.

BARMM PUBLIC HOSPITALS WERE ORIENTED ABOUT IBADAH-FRIENDLY HOSPITAL PROGRAM

BARMM Public Hospitals were oriented about Ibadah-friendly Hospital Program #BARMM #M O H B A R M M #ibadahfriendlyhospital #MoralGovernance

With the initiative of OIC Minister of Health Dr. Zul Qarneyn Abas, former Member of Parliament, Bangsamoro Transition Authority, the Ibadah-friendly hospital Program was given a slot so that all hospitals will be oriented about the

program as value-added health services.

It was done last August 22-26, 2022 (Batch 1 - Maguindanao, Lanao Del Sur, and Marawi City) and August 30-September 2, 2022 (Batch 2 - Basilan, Lamitan City, Sulu, and Tawi-Tawi) during the MOH Hospital Development and Health Facility Planning Workshop in Davao City.

This was organized by the

Regulatory and Licensing Enforcement Division (RLED) headed by Asec. Abdulhalik M. Kasim, Health Facility Development Division under the headship of Director for Health Operations Dr. Dok Tats Tato Usman, and Planning Division headed by Chief Planning Officer Miss Anisa Matuan. The activity was participated by Chiefs of Hospitals, planning officers, and engineers.

BRITISH ISLAMIC MEDICAL ASSOCIATION NATIONAL CONFERENCE 2022

Our Future Health - A Journey of Discovery
Welcome to BIMA's Annual National Conference ticket booking page.

Join us on Saturday 5th November 2022 for the largest gathering of UK based Muslim healthcare professionals.

This year the conference will explore a wide range of topics around the theme of Our Future Health, including the following:

- Future technology (Dr Junaid Bajwa - Microsoft, Dr Imran Qureshi - Amazon)
- Management, power and responsibility (Dr Mateen Jiwani - BT Healthcare)
- Our International NHS family (Charlie Massey (GMC - CEO), Matthew McClland (NMC - Exec Director), Duncan Rudkin (GPhC - CEO), Dr Latifa Patel (BMA - Chair RB), Dr Sherifat Kamal (PDA))
- Mental health: reclaiming the narrative (Dr Hadiza Bawa-Garba, Dr Ahmed Hankir)
- Muslim women in leadership (Sofia Odugleh, Dr Hina Shahid, Nadia Bukhari, Dr Hafsa Qureshi)
- Journey to the Light (Peter Sanders)

Furthermore we have an array of breakout sessions* for delegates to explore their interests. You will be able to attend two of these only. These include:

- Smart Money: Planning for the future
- Tech entrepreneurship
- Home-schooling the future
- HCPs guide to managing Ramadan with chronic conditions
- Developing a positive presence on social media
- Lessons from history: How you could be the next Al Biruni

*Your choice of breakout sessions

will be granted on a first come service, we will endeavour to at least give you one of your top 3 choices. This is not guaranteed though.

Date:
Saturday 5th November 2022
Location: St Paul's, 200 Aldersgate, London EC1A 4HD

Conference Programme:
Please see www.britishima.org/conference for more details

8.30 - 9.00
Registration and Breakfast

9.00 - 9.10
Welcome and Introduction to Conference (Dr Sharif Al Ghazal, President of BIMA)

9.10 - 9.15 BIMA and the future (Dr Qasim Malik)

9.15 - 9:50 Keynote 1: Future Technology - How far is too far? (Dr Saira Ghafur, Dr Junaid Bajwa, Dr Imran Qureshi)

REMAINING MESSAGE OF THE PRESIDENT

spiritually. *Aameen*

Alhamdulillah we are now in the month of *Rabi al-Awwal* and the 12th of *Rabi al Awwal* which is on the 8th of October 2022 is remembered in many Muslim countries as the time to be reminded of our beloved prophet may Peace and Blessing of Allah be upon him. Although there are some differences in opinion on how this day should be remembered, there is certainly no disagreement among Muslims that the Prophet must be our shining light to be emulated in all aspects of our earthly life to ensure salvation in the next, *in sha Allah*.

This issue of the Newsletter has more information on the floods in Pakistan which I made mention in the last issue. *Alhamdulillah* we see involvement of our brethren from Saudi Arabia providing aid to the victims complimenting the great efforts of our brethren in Pakistan. Indeed this is one of FIMA's uniqueness and strength, coming to the rescue of fellow human being; Muslims or non Muslims alike, in times of natural and sometimes man made disasters. Sri Lanka for example, a non Muslim majority country, was affected by a man made economic disaster and IMARET from Malaysia was at hand to deliver some much needed medical supplies to the suffering populace. We pray that our brethren from the IMA in Sri Lanka (Serendib Foundation) will be protected from any severe hardship and will be able to function effectively despite the challenges faced.

One of the challenges we face is to re live the glorious era of Islamic Medicine where we use to lead the world. It was therefore fitting that we see a conference organized in Palestine and attended by a few EXCO from FIMA on the glorious past in the holy land during the Ottoman era. To complement

this initiative, we thank Allah that the FIMA Year Book for 2021 has been published dedicated to "Hospitals and Healthcare Services: Islamic Perspectives". We sincerely hope members can go through this edition which is available through FIMAWeb.

This issue of the Newsletter also covered the development of an important new project; the FIMALifeSavers. The 2022 edition held on the 24th of September was well organized involving at least 13 countries, hundreds of mosques and thousands of participants. This project has literary created a global wave with participation of countries from east to west as the 24th of September unfolds. Other FIMA projects covered in this Issue are the Ibadah Friendly Hospital Initiative from the Philippines and student activities from Uganda. BIMA of UK has also announced their Annual Convention to be held in November and IMAM will have theirs this month (October).

Lastly let us gear ourselves to our much anticipated first physical Council Meeting and Convention since 2019. Twenty countries have registered their delegates with South Africa leading the pack with 22 registered delegates. I pray to Allah that more IMAs will make it to Islamabad for a wealth of treasure beckons, in brotherhood, camaraderie, scientific discourses and above all Allah's pleasure *bi iz nillah*.

Walaikum Salam
Prof. Dr. Abdul Rashid Abdul Rahman
President, FIMA
